Public Comment: None

Town roads, equipment and buildings discussion: There are two bridges in the town which need to be replaced and are priorities for completion. Bridge aid applications are available for 2015, due at the Calumet County Highway Department by June 1, 2014. Bridge aid would require engineering. Both bridges, which are located on Mud Creek Road and on the Quinney Road hill, will require a Chapter 30 Permit from the Wis. DNR. Mud Creek Road bridge will need to be engineered whether or not we utilize bridge aid. Discussion on the division of board duties regarding these projects occurred. Schaefer will call an engineer regarding the Mud Creek project.

Updating of 5 Year Stockbridge Road Improvement Plan (2012): Yelton made a motion to table until the May 14, 2014 board meeting. Seconded by Connie Loewe. Motion Carried.

Being no further business Connie Loewe made a motion to adjourn. Seconded by Jeff Yelton. Meeting adjourned 10:32 a.m.

Respectfully submitted,

Janene Van Hoorn  
Stockbridge Town Clerk
