Ken Schaefer made a motion to approve the August meeting minutes as printed. Seconded by Connie Loewe. Jeff Yelton Abstained. Motion Carried.

Town roads, equipment and buildings discussion: Ortlieb updated the board on road work. Discussion of Wisconsin Public Service utility work and permits occurred. Ortlieb updated the board on flooding issues. Quinney Road near the lake had issues with material washing in the ditch. Blasted stone has been placed in a drainage easement in Grogan's Maple Hills Subdivision. Spectrum cable was damaged by town equipment driving over the ground while placing stone. Spectrum Cable is responsible for repairing their cable. The new culverts on Lakeshore Drive performed well during the recent storm water event. Purchase of replacement fire air packs for the Fire Department was discussed. The board took the stance that the purchase of air tanks was put on hold due to the purchase of a new fire truck and more air pack information is needed, at a later date, before any amount would be budgeted. Development of a manure hauling ordinance-no new information was presented. Schaefer has no meetings to report on.

Discussion on spreading of manure, water issues and possible restrictions in vulnerable areas of the town occurred. Jeff Yelton gave the board background information on manure spreading and ground water quality ramifications of that hauling. Ken Schaefer asked that county data be provided to the board to back up water quality issues in the town. Jeff Yelton will arrange for county representation at the October meeting.
